

## The Circulation Area.

The Circulation area is one of the life centres of our school. It is a large spacious area equipped with ample seating, student lockers and a storage area for the many school bags. The circulation area is where our students congregate before school, at break time, after they have eaten their lunch in the canteen and at the end of the day before they go to Evening Study. The free breakfast is served in the circulation area. There is always a lovely atmosphere in this area of the school. Friendships develop, stories are exchanged and students get the opportunity to have informal chats with their teachers while they are supervising this area of the school.
