

Day of Faith.

Every year a Day of Faith is organised for our senior students. Here is a report on the day from one of our fifth year students.

Last Friday the 27th of February a group of 5th year students went on a retreat to Knock. This day was organised by Knock Youth Ministry.

The day was a great experience for all involved. There was a lot of singing that we had to get involved with. There were also a few speakers talking about how they became priests.

The 1st speaker was Fr John Harris from Limerick, he gave us a talk about his life and why he became a priest. Everyone enjoyed him because he was very funny. After lunch he answered questions that some of the young students wrote and he answered them all very truthfully. Everyone enjoyed his talk.

The 2nd speaker was a young student priest, Gerard Quirke from the Archdiocese of Tuam. A lot of people thought he was a lovely speaker. We could very quickly understand why he became a priest.

The two speakers we had on Friday were the complete opposite but both had the same message. At the end of the retreat we had a mass.

All in all I think everyone enjoyed their day out in Knock
