

The voting system is now in 2 parts. There is now a class vote **AND A TEACHER VOTE**

Part 1 is in class - The student that gets the most votes from their class will get 25 points, the student who gets in comes in 2nd place will get 20 points, the student who comes in 3rd place will get 20 points and so on...

Part 2 - is the teacher vote -

Teachers will also vote on students who have put themselves forward for election.

Teachers will be given the list of student nominees for each class.

When a teacher gives number 1 to a student that student will get 25 points, the student that gets number 2 - will get 20 points etc.

Ms Garvin and another teacher will then combine the teachers and class votes together.

The student with the most points will be elected onto the student council of 2016-2017.
