

Visit To The Local Nursing Homes

Before Christmas a group of TY students went to visit the residents of Ballinamore and Charlestown Nursing Home. The TY students and their teachers sang Christmas songs, played musical instruments, Irish danced and also performed a dance from their upcoming musical. After we had finished we went around to each of the elderly residents and we had a chat with them. We really enjoyed spending some time with the residents and staff of these homes and we hope they all enjoyed our performances and our time with them.
