

## Young Environmentalists.

Some of our senior students recently won 3 National Awards in the Young Environmentalist Finals in the Mansion house in Dublin.

They were winners in two categories; Best Waste Management and Best Alu-Art, and then they were also awarded Best Overall Winners. These Leaving Certificate Applied and Transition Year students featured on RTE's News2day and were congratulated by the Minister for Children Mr. Charlie Flanagan and Ms Elaine Nevin, the National Director of ECO-UNESCO.
