

Gaisce Awards.

The Gaisce Presidents award is a globally recognised achievement award. It involves each candidate carrying out a number of weeks work in three fields, community involvement, physical activity and a personal skill, along with an outdoor adventure journey. Upon completion of all this, you will be awarded a medal. The volume of work increases depending on the level of award you do, bronze, silver or gold. Taking part in the Gaisce Awards is a self enriching experience and one which is open to all of our senior students. Experience has taught us that students taking part in these awards are helped to venture out of our comfort zones and grow and develop as individuals.

Gaisce Silver Award winners with their teacher Ms. Gilmartin.
