

## Papal Cross Award

Young people who have completed the Gold John Paul the 2<sup>nd</sup> Award have the opportunity to continue on to work towards the Papal Cross Award. This means carrying out 26 weeks of parish and community involvement over the course of 18 months and completing a project either linked with the community or the Church.

It is a prestigious award that demands a great deal of commitment. Many young people often find that during this year they work very closely with a particular group or organisation e.g St. Vincent de Paul; SERVE etc. or prepare for a pilgrimage to Lourdes or Santiago de Compostela.
