

## Ploughing Championships 2015

On the 22<sup>nd</sup> of September the TY's of St Louis Community School set off on their journey to Tullamore, Co. Offaly. They got the bus at 6am, tiredness kicked in and they slept for most of the journey, They had a few stops along the way, a few sing songs, a few jokes and in no time they reached the Ploughing Championships. They jumped down off the bus into a field and got transported by tractor and trailer to the main area of the ploughing championship.

The area was huge, maybe twice as big as Kiltimagh so needless to say the students didn't see every stand there. Among some of the attractions were food tents, clothes tents, shops, trade stands, machinery stands and many more. There was also a funfair where a lot of the students spent the majority of my day.

The rain held off and after a very enjoyable day all the St. Louis crew set off back to the bus. It took nearly 45 minutes to walk back because of the size of the venue. We set off on our journey towards Kiltimagh, beating the traffic and stopping off at McDonalds. All arrived home at about 9 o'clock, wrecked, but an enjoyable day was had by all.
