

Prefects.

Every academic year a new team of prefects are elected in St. Louis Community School. Our prefects have significant leadership roles in the school and work very closely with management throughout the year. Any fifth year student who would like to be a prefect must firstly nominate themselves and then go through the election process. The fifth year student body along with the management and teaching staff then cast their votes for the candidates they feel will be able to fulfil the roles expected of them. All of the prefects participate in leadership training and represent the school at various events throughout the school year.

Prefects 2014 / 2015

Pictured with their Year Head Ms. Nuala Whelan and their Principal Mr. Cahil Doherty.
