

ST LOUIS CAREER FAIR 2015

Students from Transition year and 5th year displayed their research into the following career sectors on the 9th & 10th of January 2015 in the school GYM. Agricultural, Engineering, Construction, Science, Art & Design, Defence Forces, Trades, Medical Field, Specialised Therapies, Media, Business, Office, Computers and Education. The students worked together in groups to research the above career sectors producing the following invaluable information on the day.

- Summary of specific careers in area
- List of Sample Careers in each area
- Salary
- CAO courses available in the National Universities & Institutes of Technology
- Entry requirements

First & Second year students did a treasure hunt on the day which was great fun. Well done to all the students who helped out on both days.
