

Links with our local Community.

Throughout the year opportunities are created for our students to engage with members of our local community. Educational visits have been arranged with members of our local St. Vincent de Paul, our local Sisters of St. Louis, the local nursing homes, and local businesses to mention but a few. Prior to any visit our students are taught about the particular community they are going to, and each student will have a particular role during the visit. Many happy memories are created during these local visits.

First year students visit our local St. Louis Sisters.
